#### *Allowable Subject Matter*

Claims 1-23 are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claim 1, the reference of the Prior Art of record fails to teach or suggest the combination of the limitations as set forth in claim 1, and specifically comprising the limitation a method of manufacturing a flat panel light source comprising: providing one or more application stations, each application station having one or more stationary sources of material to be patterned in manufacture of a flat panel light source, ii) a supply of discrete patterned masks for defining a pattern of material to be applied to the substrate, iii) means for delivering the masks one at a time into engagement with the substrate, iv) means for attaching the discrete patterned masks to the substrate; v) means for transporting the substrate and the patterned mask in registration past the one or more stationary sources of material,

and; and c) transporting the substrate and the masks past the one or more application stations, in combination with the remaining limitations of the claims.

Claims 2-23 are allowable for the reasons given in claim 1 due to their dependency status from claim 1.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
